- 1" or 1.5" binder
- Index Cards

PE:

- Sneakers & active wear

Things to know about school supplies:

- Students will be able to carry backpacks for the 2023-2024 school year.
- Please have your child write their name on all supplies with a permanent marker at home.
- Supplies do get used up, so you will most likely need to replenish throughout the school year.
- The calculator listed is helpful for school and homework use.
- The lockers at Bay Trail are 10 ½" wide and 11" deep. Trapper Keepers, 3" binders and wheeled backpacks do not fit in the lockers. Please keep this in mind when making purchases.

- Laptops for 6th grade students will not have a stylus and there is no storage on the machine for one. Some students have found having a stylus helpful as the computers are a touch screen.
- Some students prefer a computer mouse to the touch pad. This would be an optional purchase.
- **Please note** – Individual teachers may require additional supplies specific to their subject areas.
